# Totally Rad Rewind

Do you love movies? Especially the great cult classics from the 80s and 90s? Then, this is the club for you!

We will pick a movie to all watch on our own time. I will provide some thinking points. On the third Thursday of each month, we will join on Google Meet and chat about the movie, play some games related to the movie, etc.

# Compete Mindset

Compete = Doing what you're called to do, even when it's hard

This faith-based club will focus on learning how to use your greatest asset – your mind – to thrive in all aspects of your life and live with purpose. We will be utilizing The Compete Training Academy's approach, used by numerous college and professional athletes including Purdue Basketball, to level up our mindset in school, jobs, relationships, self worth, 4-H/showing, competing, and more. This club is for everyone of all ages and seasons of life and will meet virtually once or twice a month. Who will guest speak?
